1.2. By ordering and using the service, the user of the service (hereinafter: **passenger**) accepts the GTC, which is published and continuously available on miniBUD's website (www.minibud.hu), so that passengers can familiarize themselves with it in advance.

1.3. **miniBUD declares that in addition to statutory requirements and customary terms and conditions relating to the service, which passengers are accustomed to, the GTC does not contain any terms and conditions which are detrimental or unusual for passengers.**

1.4. If a natural or legal person intending to use the service for the benefit of itself or for that of another person concludes a written contract with miniBUD for the service (hereinafter: **separate contract**), the provisions of the GTC shall only be applicable on issues not regulated to the contrary in the separate contract.

2. The service

2.1. The airport shuttle operates as a door-to-door collection and distribution service, which the service provider operates as a service linked directly to aerial passenger transportation and accommodation service activities, in accordance with the provisions of the GTC. By using the service, passengers acknowledge that the service can only be used in possession of a valid airline booking; in the case of departure, the service can only be used with the aim of departing with the flight in question. A valid airline booking is any airline booking valid for the given day of departure.

2.2. miniBUD only provides the service within its area of operation (regularly used districts and areas of Budapest).

2.3. In case of problems and complaints relating to the service, miniBUD shall investigate the issue immediately, and, if warranted, will apply the necessary penalties, or will cooperate to ensure that the user of the service should receive appropriate reparation.

2.4. miniBUD is under a contractual obligation to provide the service, with the exceptions specified in subsections (a)–(c) below.

(a) miniBUD's vehicle driver (hereinafter: **driver**) may refuse to provide the passenger transportation service, or may exclude the passenger from passenger transportation, if the passenger:

(i) Is under the influence of alcohol or narcotic drugs, or exhibits disgraceful conduct,

(ii) Violates or endangers road safety, his/her own physical integrity or health or that of his/her fellow passengers, or the integrity of the vehicle or of the fittings in the vehicle, with his/her conduct, or

(iii) Could soil or pollute the vehicle with his/her clothing, baggage, or in some other way.

(b) The driver may refuse to transport persons who are inert or helpless, persons who are not able to use the service without an escort and unaccompanied minors of less than six years of age.

(c) miniBUD may refuse to provide the service if this is expressly made possible by the GTC, based on legal provisions.

3. The use of the service

3.1. Passengers may use the service by ordering it in advance from miniBUD by telephone, mobile phone application, e-mail, online, or in person at the miniBUD customer service counters located at Budapest Airport (hereinafter: **order**). The directions of the order can be:

(a) From Budapest Airport, Terminal 1, 2A or 2B, to regularly used districts and areas of Budapest (hereinafter: **direction "A"**),

(b) From regularly used districts and areas of Budapest to Budapest Airport, Terminal 1, 2A or 2B (hereinafter: **direction "B"**).

miniBUD Ltd. informs passengers using the service that telephone calls are recorded due to reasons of quality assurance, and are stored and handled for the period defined in its data protection regulations. By acknowledging the information provided over the telephone, passengers using the service consent to the audio recording and to the handling of the recordings, as specified above.

3.2. The contract is concluded upon the acceptance of the pre-order, provided that the driver does not refuse to transport the passenger pursuant to section 2.4.

3.3. In case of an order pursuant to section 3.1, miniBUD undertakes to pick up/depart with the passenger, depending on the direction of the journey, at the previously agreed time, with the proviso that the actual pickup/departure time could deviate from this in extraordinary cases (strike, traffic obstructions, extreme weather conditions).

In case of force majeure (e.g. mass strike of transportation industry staff, natural disaster or emergency resulting from human activities), miniBUD may not be able to ensure contractual performance, or only to a limited extent, and shall not be liable for such cases.

4.2.7. The driver may only listen to the radio, the car stereo or any CD with the prior consent of the passenger, and may not listen to or watch television, not even with the prior consent of the passengers. Such additional services are provided by miniBUD's cooperating partner, BUDPORT Handling Ltd., based on its own GTC (web: www.budport.com, email: info@budport.com).

All costs and expenses relating to the enforcement of the claim shall be borne by the passenger.

4.5.2. If miniBUD and the passenger are unable to agree about the reimbursement of the damages, the occurrences shall be recorded in a protocol. If the passenger refuses to sign the protocol documenting the damage, miniBUD will initiate Police action against the passenger.
